Return to Learn & Play Center

Thank you for choosing the Y for youth programming opportunities. We have worked with federal, state and local health officials and YMCAs throughout the country to develop a careful, phased-in approach to reopening facilities and expanding programs. As always, our highest priority is the safety and well-being of our members, staff and communities.

Here are some things you can expect from YMCA Learn & Play Centers:

- Thorough cleaning and disinfecting each Learn & Play Center
- Developing enhanced sanitation and hygiene protocols
- Sourcing cleaning and sanitation supplies and personal protective equipment
- Implementing personal safety measures for staff, members, participants, volunteers, and visitors to the facility, which includes daily self-reported health screenings
- Reconfiguring physical spaces and adjusting equipment to facilitate capacity and social distancing restrictions
- Developing training programs and instructing staff on new procedures

In addition to the Y's commitment to safety, the Learn & Play Centers have implemented the following:

- Daily participant self-reported health screening
- Temporary minimum age requirement of 2 years old
- YMCA staff will not change diapers; if your child is in need of a diaper change, you will be contacted to assist
- Individual equipment and/or enhanced equipment disinfection between participants
- Program/curriculum/play space that encourages staff and children to participate in social distancing whenever possible, and reduce duration when not able to maintain
- Physical markers and reminders will be used in program space to support physical distancing for participants
- Increased handwashing breaks and/or hand sanitizing stations
- Face coverings required for participants
- Face coverings required for parents/guardians during drop off and pick up times
- Parents/guardians will be asked to remain outside the play area during drop off and pick up times
- Group activities and games will be carefully considered and will promote more individual skill building than games competitive in nature
- In order to ensure proper social distancing and to limit total interactions, our Learn & Play Centers will adhere to staff-to-child ratios. Waitlists will be used in the event that capacities are reached and we will contact families when space becomes available.

FOR YOUTH DEVELOPMENT®
FOR HEALTHY LIVING
FOR SOCIAL RESPONSIBILITY

To ensure participant safety, youth will not be permitted to attend if they answer yes to the YMCA screening questions:

- Have you or someone in your household tested positive for COVID-19 within the last 14 days?
- Have you experienced new or worsening fever, chills, cough, shortness of breath or difficulty breathing, fatigue, muscle or body aches, headache loss of taste or smell, sore throat, congestion or runny nose, nausea or vomiting, diarrhea in the past 48 hours?

Participants who are ill or believe they might have COVID-19 should stay home from programming until they can answer the screening questions.

Please contact the program director as soon as possible if COVID-19 is suspected within your household. This information will be kept confidential and allows the Y to assess the risk of spread to other families.

In the event of a possible or confirmed COVID-19 exposure, the Y will work with local health officials and follow the most current guidelines of the CDC and Iowa Department of Public Health. We cannot reduce the risk of COVID-19 spread without the partnership with the families in our programs.

For participant and community safety, all participants should assess whether they or their household is at greater risk of infection and/or complications due to Coronavirus. You can find guidance from the CDC on assessing risk at: <https://www.cdc.gov/coronavirus/2019-ncov/need-extra-precautions/groups-at-higher-risk.html>

If you have any questions regarding Learn & Play please reach out to the following Program Director at your local YMCA.
